## Volume Licensing

The Ultimate 360° Enterprise Solution for Security, Safety and Control

Nero 11 addresses the unique needs of companies with innovative and efficient ways of back up, burning and organizing for the ultimate in security, safety and control. Easy management and data security features plus cutting-edge creative resources makes Nero 11 the unique solution for maximizing your business efficiency, security and creativity.

### Benefits

- One license key for multiple installations
- Low prices and high discounts for additional licenses
- Discounts up to 50% for upgrades
- Easy network-wide software deployment via MSI-Package
- Premium customer technical support
- Software Maintenance available with five licenses

Starting at a minimum order of five licenses, you can lock in a software maintenance subscription. With this subscription you will enjoy VIP support, plus free upgrades to the next version within the valid period of the subscription. Now it's easy to keep your Nero product up to date with the latest technology without impacting annual budgets!

### Security

Nero 11 enables you to keep confidential files and presentations private and secure from tampering with Nero-exclusive SecurDisc 3.0 technology.

- Burn data onto CDs, DVDs and Blu-ray Discs with top-notch security measures such as Password Protection to restrict viewing access
- Verify authenticity with Digital Signature
- Keep information reliable and retrievable regardless of scratches, age or deterioration with Nero's advanced technology

### Safety

Nero 11 provides simple state-of-the-art continuous LIVEBackup of important and historic documents.

- Continuous LIVEBackup safeguards your digital media with ultimate peace of mind
- Nero's Data Integrity Check tool warns of potential disc deterioration, prompting employees to back up data onto another disc
- Nero RescueAgent allows employees to recover files from corrupted, damaged or aging storage media in just a few steps
- Nero Recode advanced video conversion tools automatically convert cumbersome video files into popular formats for playback and lessening the burden for technical support requests

### Control

Nero 11 Volume Licensing gives administrators powerful yet easy-to-implement ways to manage deployment, upgrades, and burning privileges throughout your enterprise.

- Control burning privileges by individual, department or management level or what works best for your organization
- One license key valid for multiple installations
- Continual free updates for each version
- Easy network-wide software deployment via MSI-Package
- Save money and standardize your burning rights with your offices around the world. Since Nero 11 comes in 22 languages, all of your global offices can use the same software.
- Optimize system resources by backing up data to CDs, DVDs, Blu-ray Discs, and external hard drives with just a few clicks
